

★ Moon Ritual Quarter Calls ★★

East
WELCOME

We have danced in the light of the waxing moon of the East,
 As the woodland Air caressed our skin
 and carried our magick across the universe,
 East, Air, we call to you and welcome your presence
 into tonight's moon ritual.

South
WELCOME

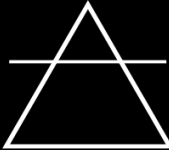

We have danced in the light of the full moon of the South;
 As the desert Fire warmed our skin
 and carried our magick across the universe,
 South, Fire, we call to you and welcome your presence
 into tonight's moon ritual.

West

WELCOME

We have danced in the light of the waning moon of the West;
 As the ocean Water cleansed our skin
